

SUMMARY

Driven Web Developer with hands-on experience in React.js, Next.js, and Node.js. Skilled in building scalable applications, developing RESTful APIs, and deploying solutions using Docker and AWS. Motivated by continuous learning, with a strong determination to grow, adapt quickly to new challenges, and deliver clean, efficient, and reliable code.

WORK EXPERIENCE

- **Naman Digital Pvt. Ltd. — Cloud & DevOps Intern (Sep 2025 – Oct 2025, Remote)**
Engaged in cloud-native development projects focusing on scalability and secure deployment.
 - Actively contributing to cloud infrastructure and DevOps initiatives.
- **SaiKet Systems — Web Development Intern (Aug 2025 – Sep 2025, Remote)**
Delivered client-focused projects during a one-month contract internship.
 - Designed and developed **responsive, user-friendly web interfaces**.
 - Contributed to full-stack feature implementation, ensuring scalability and performance.
 - Delivered production-ready solutions within strict timelines, collaborated effectively with team members.
- **Naman Digital Pvt. Ltd. — Web Development Intern (Jul 2025 – Sep 2025, Remote)**
Completed a 2-month virtual internship with emphasis on modern full-stack development.
 - Built and deployed a **scalable blog platform** using Hono + Cloudflare Workers.
 - Developed a **full-stack e-commerce application** in Node.js with payment integration and admin panel.
 - Applied clean architecture principles and collaborated to deliver production-grade features.
- **FIL Industries Pvt. Ltd. — Business Analytics Intern (May 2023 – Jul 2023, On-Premise)**
Focused on IT data management and process improvement.
 - Migrated enterprise records from hardcopy to structured digital formats.
 - Conducted data cleaning, organization, and validation for improved accuracy.
 - Established streamlined workflows that enhanced data accessibility and team efficiency.

PROJECTS

- **Blogify API**: Developed a modular backend using Node.js, Express, and MongoDB. Implemented JWT authentication, role-based access control, and secure middleware for RESTful APIs.
- **Petsy**: Developed a full-stack pet adoption and e-commerce platform with Next.js, React, Node.js, and PayloadCMS. Integrated authentication, real-time messaging, checkout, and NGO support. Deployed on AWS and Appwrite.
- **Music School**: Designed a responsive frontend with Next.js, React, and TypeScript. Enhanced UX using Framer Motion animations and DaisyUI components.
- **Spring Boot BankApp (DevOps)**: Built a secure Spring Boot + MySQL banking app. Containerized with Docker, enforced DevSecOps practices (CVE scanning, non-root execution), and optimized with multi-stage builds and Docker Compose.
- **LeetLab**: Created a competitive programming platform with Node.js, React, and Judge0 API. Implemented asynchronous patterns, microservices, and secure API communication.

EDUCATION

- MCA — Model Institute of Engineering and Technology, Jammu (2024:2026)
- B.Sc. (Hons) Computer Science — Lovely Professional University (2021:2024)

SKILLS

<i>Frontend</i>	React.js, Next.js, JavaScript, TypeScript, Daisy UI, Tailwind CSS, Framer Motion
<i>Backend</i>	Node.js, Express.js, PayloadCMS, RESTful APIs, Microservices
<i>Database</i>	MongoDB, MySQL, PostgreSQL, Appwrite
<i>DevOps</i>	Docker, Jenkins, GitLab CI/CD, CVE scanning, Docker Compose, CI/CD pipelines
<i>Deployment</i>	AWS, Cloud Computing, Appwrite
<i>Version</i>	Git, GitHub, GitLab
<i>Control</i>	
<i>Soft Skills</i>	Collaboration, Problem-solving, Communication, Time management, Adaptability
