

WORK EXPERIENCE

- **InstaDigii.com — React Native Developer** **Sep 2025 – Jan 2026**
Developed cross-platform mobile applications and backend integrations for client projects.
 - Built **cross-platform mobile applications using React Native** with optimized performance and responsive UI.
 - Designed and implemented **UI/UX independently** to improve user engagement and usability.
 - Developed and integrated **REST APIs and backend services** for application functionality.
 - Implemented **state management and real-time data synchronization** between mobile applications and backend systems.
- **Naman Digital Pvt. Ltd. — Cloud & DevOps Intern** **Sep 2025 – Oct 2025 (Remote)**
Worked on cloud-native projects focusing on scalability, containerization, and secure deployments.
 - Engineered a **distributed personal cloud storage system** using modern cloud architecture.
 - Deployed **Docker containerized applications on AWS EC2** with automated CI/CD pipelines.
 - Built a **cloud-based file conversion service** and implemented **multi-region deployment with load balancing**.
- **SaiKet Systems — Web Development Intern** **Aug 2025 – Sep 2025 (Remote)**
Delivered client-focused web development solutions during a short-term internship.
 - Designed and developed **responsive and user-friendly web interfaces**.
 - Implemented **full-stack features** ensuring scalability, performance, and maintainability.
 - Delivered **production-ready solutions** within strict deadlines while collaborating with cross-functional teams.
- **Naman Digital Pvt. Ltd. — Web Development Intern** **Jul 2025 – Sep 2025 (Remote)**
Focused on modern full-stack development and scalable backend architecture.
 - Built and deployed a **scalable blog platform using Hono and Cloudflare Workers**.
 - Developed a **full-stack e-commerce application in Node.js** with payment integration and admin dashboard.
 - Applied **clean architecture and scalable backend design principles**.

PROJECTS

- **Blogify API**: Developed a modular backend using Node.js, Express, and MongoDB. Implemented JWT authentication, role-based access control, and secure middleware for RESTful APIs.
- **Petsy**: Developed a full-stack pet adoption and e-commerce platform with Next.js, React, Node.js, and PayloadCMS. Integrated authentication, real-time messaging, checkout, and NGO support. Deployed on AWS and Appwrite.
- **Music School**: Designed a responsive frontend with Next.js, React, and TypeScript. Enhanced UX using Framer Motion animations and DaisyUI components.

- **Spring Boot BankApp (DevOps):** Built a secure Spring Boot + MySQL banking app. Containerized with Docker, enforced DevSecOps practices (CVE scanning, non-root execution), and optimized with multi-stage builds and Docker Compose.
- **LeetLab:** Created a competitive programming platform with Node.js, React, and Judge0 API. Implemented asynchronous patterns, microservices, and secure API communication.

EDUCATION

- MCA — Model Institute of Engineering and Technology, Jammu (2024:2026)
- B.Sc. (Hons) Computer Science — Lovely Professional University (2021:2024)

SKILLS

Frontend	React.js, Next.js, JavaScript, TypeScript, Daisy UI, Tailwind CSS, Framer Motion
Backend	Node.js, Express.js, Spring Boot, PayloadCMS, RESTful APIs, Microservices
Database	MongoDB, MySQL, PostgreSQL, Appwrite
DevOps	Docker, Jenkins, GitLab CI/CD, CVE scanning, Docker Compose, CI/CD pipelines
Deployment	AWS, Cloud Computing, Appwrite
Version	Git, GitHub, GitLab
Control	
Soft Skills	Collaboration, Problem-solving, Communication, Time management, Adaptability
